Naomi Watts: 2018 American Australian Arts Awards Honoree

Our mission supports events and activities which focus our engagement and philanthropy around four core pillars: Business & Innovation, Education, Veterans and the Arts.

BUSINESS COUNCIL

The American Australian Association Business Council is the preeminent organization for business and government, fostering the dynamic economic bond between Australia and the United States.

The Business Council serves as a resource for business on both sides of the Pacific by highlighting companies and leadership who are key to this relationship. Members of the Business Council are drawn from a diverse range of industries with operations across the United States & Australia.

Business Council members have access to exclusive networking events with high-level leadership across both private and public sectors.

MEMBERSHIP

Outside of the Business Council, we provide a range of membership options for those who are interested in joining the Association and supporting the bilateral relationship. As our valued member, you will join an established network of multinational corporations and motivated individuals who are actively engaged in two-way trade, investment and collaboration between Australia & the United States.

We build enduring connections where culture, commerce and community come together to open the door to boundless possibility.

Members receive invitations to attend our broad range of social, cultural and corporate events, along with special offers from our partners.

We exist to benefit all Americans and Australians. Whatever your background, we pride ourselves on being actively fair, equitable and inclusive to our diverse membership.

For over 70 years, the American Australian Association has connected our two cultures, guided our people and provided new opportunities for a diverse network of trailblazers.

SCHOLARSHIP PROGRAMS

American Australian Association scholarships & exchanges champion progress, creativity and expression, providing opportunities to young American and Australian leaders to undertake transformational study, research and professional or artistic development in each other's country.

To date, we have awarded over 900 Graduate, Veteran and Art scholarships worth \$14 million.

Julianna Prim, 2019 AAA-Sir Keith Murdoch Scholar
